

GRAGONFLY PENDANT

The inspiration for the design of the dragonfly lamps comes from the name itself. The form of the lamp resembles a huge ancient insect, flying above.

While hanging, the lamp can be tilted in different angles. By adding a number of dragonfly lamps together, the effect changes to create the feeling of branches in a forest

Category Ceiling lamp

Materials Wood, metal and acrylic

Dimensions Width: 70 cm / 27.5 in
Height: 20 cm / 7.8 in
Length: 110 cm / 43.3 in

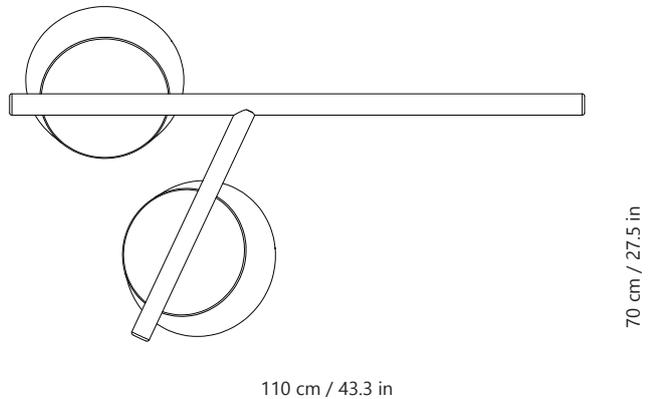

Color/Finish Matt black - Wood matt varnish

Light source E27 LED 7W max X 4

Voltage 120V / 240V

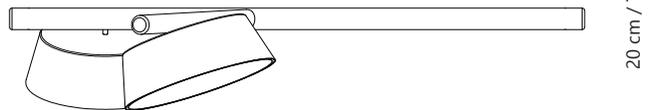

Weight ~ 4 Kg

Cable Black PVC
Drop length 2 meters

70 cm / 27.5 in

110 cm / 43.3 in

20 cm / 7.8 in

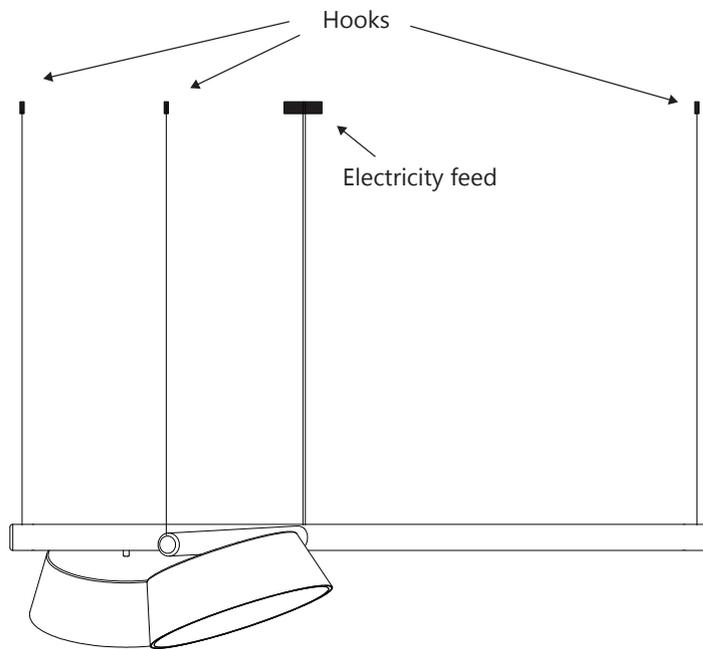

* If you wish to specify drop length and cable type please tell us at the time of the order.

Cleaning instructions

Before cleaning, light must be turned off and unplugged from the main electricity. While cleaning the lamp please take extra care not to use force on the fitting. Use a soft and dry dust cloth and gently go over the product.

INSTALLATION

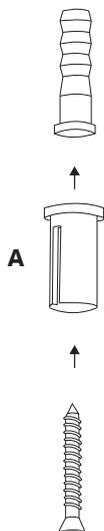

Please locate the 3 small hooks on the ceiling in the wanted location and connect the lamp to the electricity feed in the centre.

HOW TO CONNECT THE HOOKS

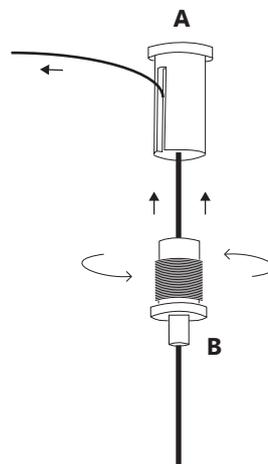

1.

Attach the hook base (**A**) to the ceiling

2.

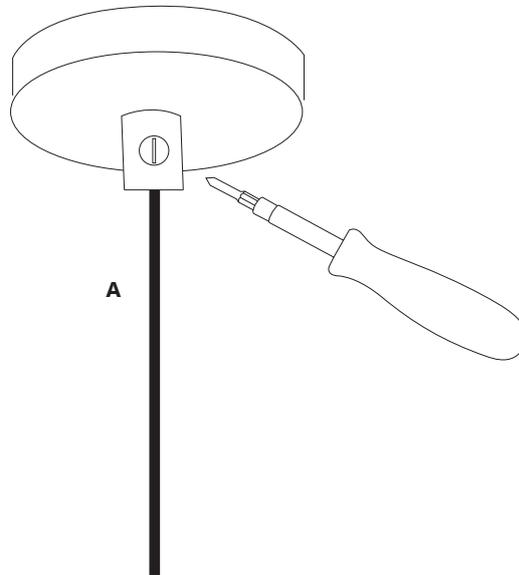

Insert the steel wires (supplied inserted to the chandelier body) to the hook connector (**B**) and screw it to the hook base. Now you can adjust the wanted drop length of the lamp.

INSTALLATION

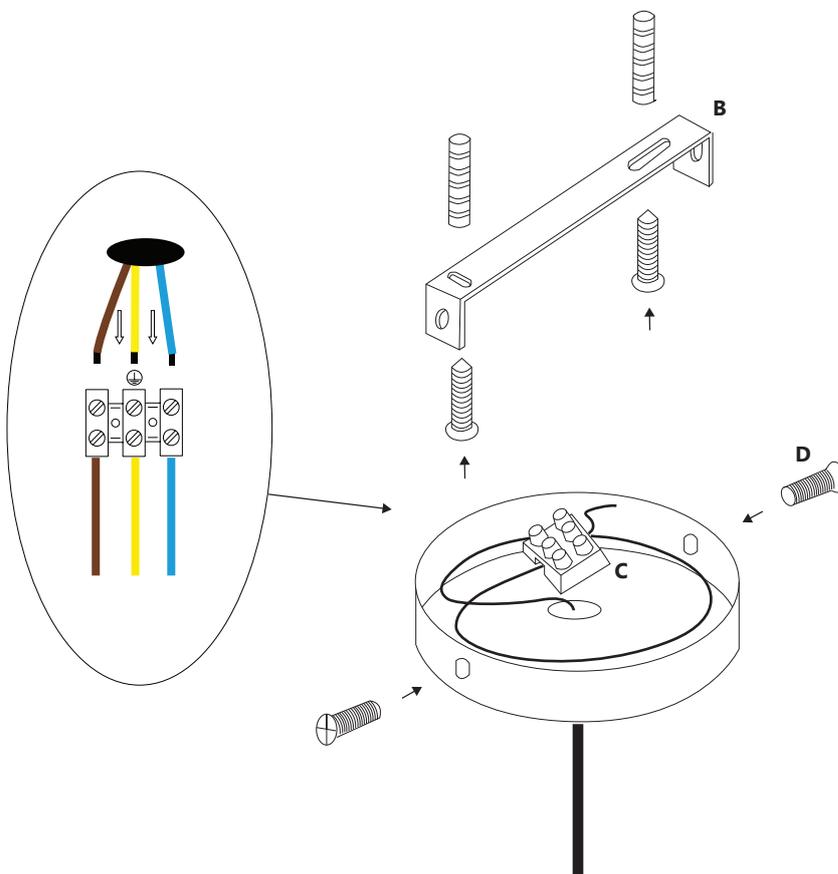

1.

Before attaching the ceiling rose: unscrew the small plastic screw at the bottom of the ceiling rose (**A**) and choose the wanted drop length for the lamp. When ready screw back the plastic screw in order to secure the electricity cable.

2.

Disassemble the ceiling rose. Connect the metal bridge to the ceiling (**B**) connect the electricity wires from the cable and from the ceiling to the junction box (**C**) and secure the ceiling rose to the metal bridge with the 2 small screws (**D**)

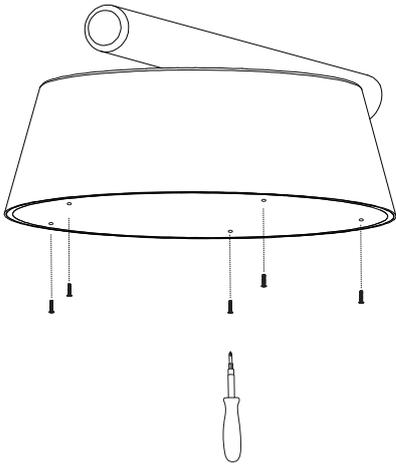

HOW TO REPLACE A LIGHT BULB

Before changing a bulb light must be turned off and unplugged from the main electricity

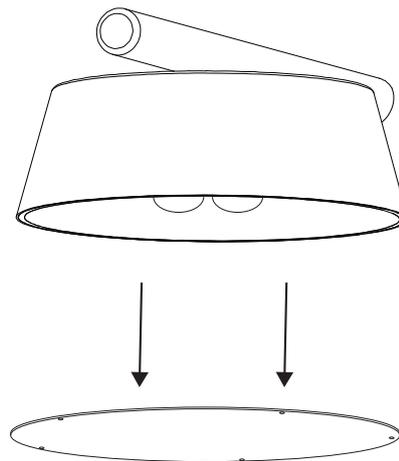

1.

Unscrew the 5 small screws in the front of the lampshade

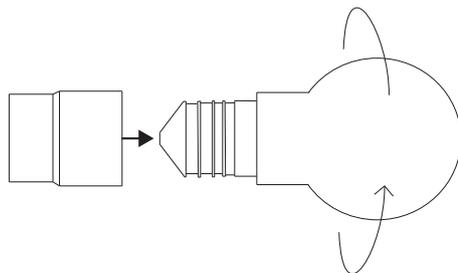

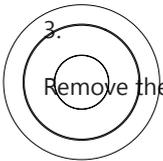

2.

Remove the lampshade cover

3.

Remove the existing 2 E27 bulbs by rotating it counterclockwise and replace it with the new bulbs

4.

After the bulb has been replaced close the lamp cover and screw back the 5 small screws
