Cleaning instructions

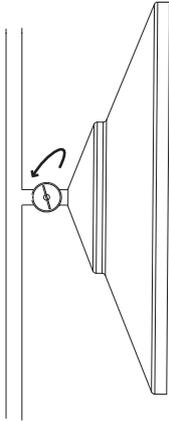

Before cleaning, light must be turned off and unplugged from the main electricity. Whilst cleaning the lamp please take extra care not to use force on the fitting. Use a soft and dry dust cloth and gently go over the product.

HOW TO REPOSITION THE LAMPSHADE

Before repositioning the lampshade light must be turned off and unplugged from the main electricity

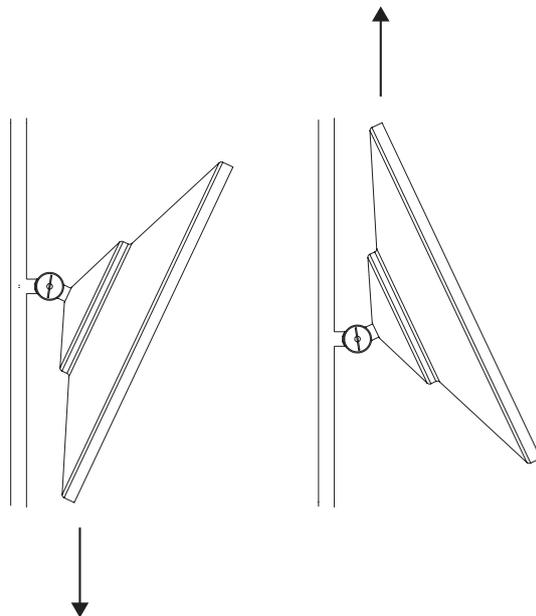

1.

Before adjusting the lampshade position please support the lampshade with your hand on its side. Now open slightly - **not more than half a round!** - the metal clip.

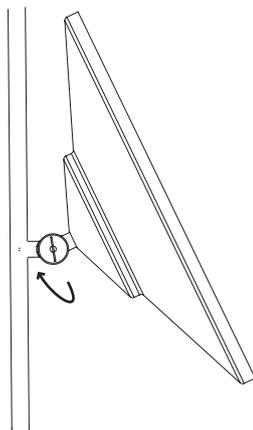

2.

Reposition the lampshade in one of the 2 directions possible: up and down.

3.

After you are happy with the new positioning – please close the metal clip in order to secure the lampshade in its new angle.

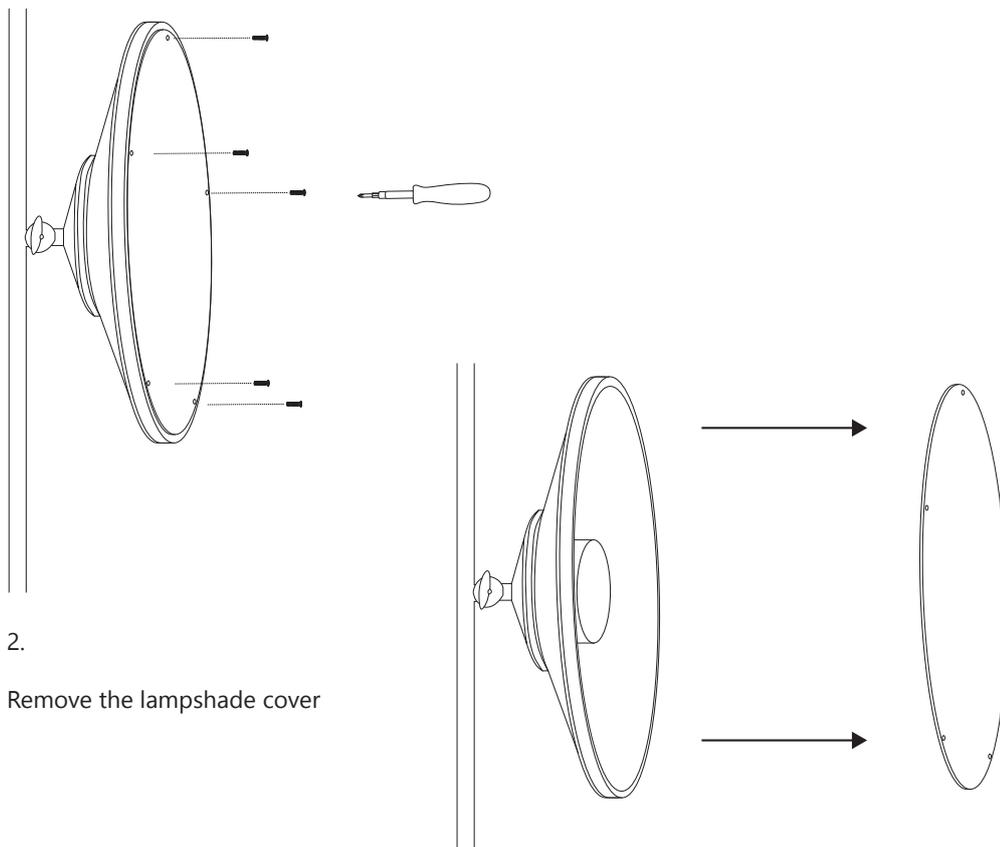

HOW TO REPLACE A LIGHT BULB

Before changing a bulb light must be turned off and unplugged from the main electricity

1.

Unscrew the 5 small screws in the front of the lampshade

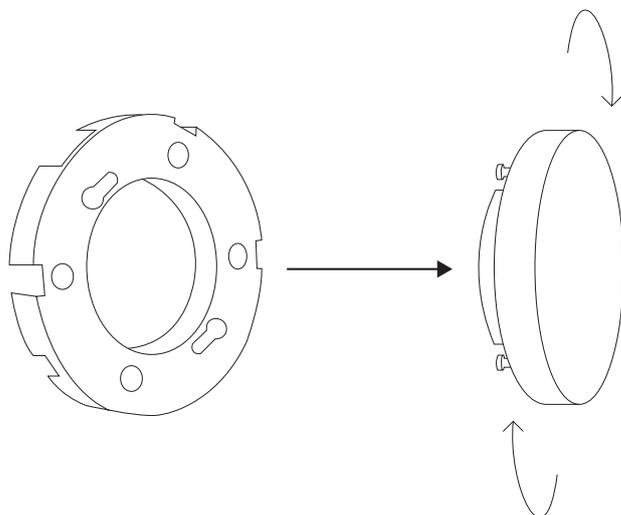

2.

Remove the lampshade cover

3.

Remove the existing bulb by rotating it counterclockwise and replace it with the new bulb

4.

After the bulb has been replaced close the lamp cover and screw back the 5 small screws
